

Industries and Market Sectors

COMMERCIAL

The Commercial Building Team has over 25 years of in-depth experience in fast-track tenant improvements, occupied remodels and new construction for corporate, financial, industrial and retail clients.

HEALTHCARE

The Healthcare Building Team is committed to providing construction solutions to healthcare facilities and medical service on-time and within budget in the most sensitive occupied environments. Our team of project managers and superintendents features individual records of 10 to 40 years in successful healthcare pre-construction and construction experience.

EDUCATION

The Education Building Team has proven expertise in renovations and new construction for school districts and higher-education campuses, ensuring efficient use of the public's funds with an unwavering commitment to safety and security.

MUNICIPAL

The Municipal Building Team works with municipalities and governments to find and implement the best solutions for each unique project, while ensuring proper stewardship of public funds.

HOSPITALITY

Jokake's Hospitality team helps hotels and hospitality clients meet their construction needs with minimal impact on the guest experience. The team's work demands sensitive construction practices on very tight timelines.

CRITICAL FACILITIES

Jokake has extensive experience in the successful completion of intricate infrastructure, technology and security upgrades, and is well-versed in mission-critical projects for clients requiring extreme attention to detail and high-clearance personnel.

SPECIALTY SERVICES

The Specialty Services Team has the ability to perform a variety of specialty trades in-house, saving our clients time and preventing the hassle of coordinating and scheduling small, ongoing work in their facilities.
